Mr. Pangle, et al,

Ms. Moermond asked me to update you and let you know that her recommendation will be that the Council grant the appeal, based on certain conditions (food storage, current configuration, things along those lines), and those conditions are still being drafted and we'll have a formal letter to you sometime next week.

I hope this update is helpful,

Joanna

Mr. Pangle,

Thank you all for your patience on this. I just spoke to Ms. Moermond and you will have her recommendation next week with a **firm** April 6 Council date (they do not meet March 30th). We (I) will send that recommendation as soon as I have it. If there are any issues with this timeline, please let me know.

The April 6 date I have been assured will not change.

Thanks,
Joanna

Good morning Ms. Zimny:

We are just under a week away from the March 23 date, and while we would prefer to proceed that day, we are wondering whether that date is likely to hold, or whether we should look at our calendars for a new date.

Also, it is my understanding that Americold is on the verge of having to make business decisions regarding long-term operational commitments to the site, and therefore is keen to receive Ms. Moermond's recommendation as soon as it can. That said, I certainly understand that this is a complex issue, and appreciate that Ms. Moermond's careful consideration of it is a time-consuming process.

Thanks for all of your help in this process,

Ms. Zimny:

I do not believe we have received anything on our end prior to tomorrow's hearing, and it also appears that this matter has been removed from tomorrow's calendar. Can you confirm?

If so, would it be best to wait receive the hearing officer's recommendation, and then schedule the matter? It might be easier that way.

Thanks for your continued help on this,

Mr. Pangle,

Thank you for checking in, I thought our hearing coordinator had emailed you but perhaps that didn't get relayed. I sincerely apologize.

Yes, this goes to Council on March 2, 2022 as of right now. As soon as the hearing officer has a recommendation I will email you with that, as well as a copy of the forthcoming resolution. I will also check in with the hearing officer as to the status of her recommendation.

Mr. Pangle,

I have put Monday on Mr. Perucca's and Ms. Moermond's calendars; please let me know if you would like it sent to you or forwarded to anyone else, otherwise they will be there Monday the 24. Is there anyone specific they should ask for?

I have forwarded your email to Ms. Moermond re: locations and will let you know what I hear back.

As far as the Council Public Hearing date, it looks like that is already the planned date in our system (2/16/22). I will confirm with her on that as well, however it appears everyone is on the same page with that.

Ms. Zimny: if it is still available, the facility would be happy to have Ms. Moermond on Monday, January 24, 2022 at 1:30 pm CT. So that we can make sure the right personnel are available, does Ms. Moermond have any particular areas or questions that she would like to be able address while on site?

Also, to allow Ms. Moermond sufficient time to account for her on-site observations, could we continue the City Council hearing until February 16? I would suggest the 9th, but I have a conflict that day.

Ms. Zimmy: I will check on that date and time, along with the two dates below. We are happy to have Ms. Moermond on site, however, we would like some time (at least a week) to review and consider Ms. Moermond's recommendation prior to the City Council hearing. Mr. Pangle,

Thanks for noting that. Would next Monday the 24 at 1 or 1:30 pm work?

I wasn't sure how long it would take to get coordinated so I didn't want to push it, but I can adjust her schedule if we can finalize before then. Otherwise she will likely just ask the Council to continue the Public Hearing for a week.

Mr. Hopkins,

Legislative Hearing Officer Marcia Moermond would like to visit the site with Inspector Perucca before the next Legislative Hearing in the hopes it will help get this buttoned up.

I have a couple options that would work with both their schedules:

January 28, 10 am

January 31, 1 pm

Feel free to forward my email as necessary. Would either of those times work to have someone meet them on site?
