Subject: Support for The Heights Development Plan
Date: Tuesday, May 24, 2022 9:42:19 AM

Hi,

This is Drew Harper from St. Paul district 10. I am a member of Saint Paul 350. I am calling in support of the Hillcrest community development plan (now referred to as the Heights). Specifically, I would like to express my full support for the focus on building electrification, on-site generation of renewable energy, LEED certification, geothermal heating and cooling, and all-around emphasis on sustainability. I would like to see all of these items preserved and even expanded upon in the final designs for The Heights! In fact, I would like to see the City of Saint Paul help to fund these initiatives.

I think it is important to use the Heights as a template for how to enact sustainable development within Saint Paul going forward. I ask the Saint Paul City Council to vote in favor of this specific initiative and similar sustainability initiatives going forward.

Much appreciated,

Drew Harper
