Re: File # Ord 22-36, Proposed amendment to City Ordinance 409.01

Dear Council Member,

We are writing to **express our STRONG OPPOSITION** to the proposed amendment to City Ordinance 409.01 section d item 3 which regulates alcohol service for private events at rental halls in the City. The proposed amendment would allow any rental hall in the City to serve alcohol an unlimited number of times each year.

In our residential neighborhood, we have a disruptive club across the street from us that frequently disturbs the peace with excessive noise, drunken and disorderly conduct, and the trespass of private property. For some time, this property has been illegally serving alcohol without a license on a BYOB basis.

We and multiple other neighbors have filed complaints to the City about this property. These complaints have directly led to the proposal of this amendment. We are frustrated that our efforts to address a neighborhood nuisance have instead caused the City to consider changing the liquor law which only serves to facilitate the ongoing nuisance.

The proposed amendment would create a loophole in the liquor law which would allow any current or future rental hall operator to operate as if they have a liquor license without consideration of the appropriateness of land use, zoning or proximity to schools. In the amendment there is no mechanism for the notification of or gathering input from affected neighbors.

In St. Paul there are multiple such rental halls in residential neighborhoods and in proximity to schools. By making these changes, these rental halls will essentially become bars with alcohol service permitted every day of the year.

PLEASE VOTE NO on the proposed amendment.

Sincerely,

Anne and Jack Wussler

I am a St. Paul resident living at 1615 Beechwood Avenue (55116) writing to you to ask you to support the change to Chapter 409.01 of the Legislative Code that will align with the requirement for caterer's permits with MN State 340A.404 Subd. 14 . As a member of AAUW St. Paul, I am in favor of the change to the ordinance. This ordinance change is of the utmost importance to the continuance of our catering business and all venues similar to ours. Many venues in St. Paul operate the same way AAUW business does and need this change. The business has been operated for 50 years at 990 Summit Avenue as a catering business without a problem.

I am not supporting the College Club getting a legal pathway to provide contracted liquor service to their clients. So am requesting no amendment. They have owned the property for years and have been illegally providing alcohol. The times have changed; their clients age group often over indulge. There is not 1 off street parking space, this business model does not work anymore to provide income for their work. The people attending the events are walking all over the neighborhood to get to their cars so their behavior affects many. They did not make any alternative solutions for the future to decrease the negative impact of their business on the neighborhood. Limiting hours of operation, providing shuttle service to other parking lots in the area. How can the city support hundreds of cars going into the neighborhood to park for the benefit of one business, just because we have let them since 1950. Their mission is good but not at the current cost to the neighborhood. The safety of getting multitudes of people across Summit in the same timeframe is another whole issue. Have they marketed this space to events that do not serve alcohol. Thank you, Susan Kramer, Ward 1, On the same block as the College Club but on Portland.

I am writing to ask you to support the change to Chapter 409.01 of the Legislative Code at the City Council vote on August 17, 2022.

I live directly across from the College Club and I am in favor of allowing the College Club to continue to operate as it has for decades. My husband and I are the longest-term residents on this block, some 35-1/2 years. As far as I know among the neighbors on this block, only the household that testified at the August 10 meeting is against the College Club to continue to operate as a rental hall.

Hello Russel.

I am a member of the St. Paul American Association of University Women. We are a non-profit located at 990 Summit Avenue which provides scholarships for women and girls. Among other activities, we help St. Paul organizations like the women's shelter on Grand Avenue and Ujamaa Place for young Black men. (I think I met you at an Ujamaa fundraiser a couple years ago.)

We also own a small wedding event business that keeps us alive. I hope you will vote for an ordinance change before the council Wednesday, August 17, which ensures that people who rent our facility can continue to serve liquor at their events.

Thank You!

Dear Council Member Balenger: My name is Tom Darling. I live at 445 Summit Avenue in your district. I understand that you will be asked to vote today on final adoption of an amendment to Chapter 409.01 of the Legislative Code with respect, in part, to alcohol service at rental halls. I request that you vote to lay over this matter so that it can be studied more thoroughly. I believe it will have unanticipated negative consequences. Thank you.
