This is an interesting one.

This RDU got turned in for Q2 2022 past due collection.

Of course after they received all of the late notices, and it has been turned over to the City of St. Paul, this RDU contacts us in August to say she sent the payment for Q2 2022. After reviewing her proof, she had put the wrong account number on her payment and it was applied to that account.

So I have corrected the payment and I need the assessment of \$122.84 removed for Q2 2022. Can you do this?

*Sincerely,*
