LEGISLATIVE HEARING DISCUSSION ITEMS

- 36** [RLH RSA 22-4](#) Appeal of Jack Cann, Housing Justice Center, Representing Tenant, Angela Wilhight, to a Rent Stabilization Determination at 261 FIFTH STREET EAST, UNIT #604.

An increase of up to 8% is allowed in total for both rent and utility payments combined.

Also in attendance:

*Jack Cann, Housing Justice Center, representing tenant appellant Angela Wilhight
Malcolm Terry, Bernick Lifson P.A., representing the landlord*

Marcia Moermond, Legislative Hearing Officer: This case involved a tenant informed of a 2.9% increase in rent but the increase in rent was augmented by separate billing for utilities, which had previously been covered under the regular rent payment. Combined, the amount brought the increase to between 11% and 13%, depending on utility usage, based on charges of another tenant in the building. We had three legislative hearings, and during this time period an analysis of the applications for exception took place. There were two applications. One was for an exemption to increase rent beyond 8% for

some units, and the other was for self-certification to increase rents by 8%. The application for increasing rents beyond 8% listed specific units, and the unit before you today was not on that list. According to staff analysis, those units qualified for a 9% increase, but this unit again is not among that group. Because of this, it is assumed it in the self-certification application. Staff determination is that both rent and utility payments are included in what the city refers to as housing services, and would result in an increase beyond what is allowed under the rent cap. My recommendation is to grant the appeal in part, to allow an increase up to 8% when rent and utilities are taken together.

Cann: I agree with what Moermond said. This is a similar situation as happened recently, where the decision of the hearing officer and the City Council only affects this specific unit, when other units are also experiencing this increase. This needs to be addressed for every overcharged unit in the building. The ordinance should not be ignored.

Terry: I don't have much to add. We had three hearings and this was very well-vetted. It's not what we wanted but this seems fair and acceptable.

Councilmember Noecker: I agree with the Legislative Hearing Officer's recommendation and move approval.

Adopted as amended (appeal granted in part)

38 [RLH SAO 22-49](#) Making finding on the appealed nuisance abatement ordered for 913 JOHNSON PARKWAY in Council File RLH SAO 22-47.

Finding made that nuisance has not been abated. Department of Safety and Inspections authorized to execute a cleanup.

Also in attendance: Joseph Dalbec, property owner

Marcia Moermond, Legislative Hearing Officer: This was before you a few weeks ago. You granted an extension to October 25 to have the property cleaned up. The resolution before you now would make a finding on whether or not the property has been cleaned up and would authorize the Department of Safety and Inspections (DSI) to execute a cleanup to abate the nuisance. As you can see from the photos taken yesterday morning, there is still a substantial amount of cleanup left to be done, though things have improved. My recommendation is to make a finding that the nuisance condition has not been abated and that DSI be authorized to execute a cleanup.

Dalbec: We've been making progress slowly but gradually and it's getting done.

Council President Brendmoen: What is your ask of the Council? Are you asking for more time like another two weeks?

Dalbec: Yes. Could you give me until after Christmas?

Brendmoen: We will close the public hearing and discuss your request.

Councilmember Yang moved to close the public hearing. Approved 7-0.

Yang: Has this property gotten an extension? I would just like clarification.

Moermond: Yes. This was in front of you on September 28 and an extension of about a month was granted to October 25. The original order was issued on September 9.

Yang: Thank you. I move the recommendation of the legislative hearing officer.

Council Meeting Information

The City Council is paperless which saves the environment and reduces expenses. The agendas and Council files are all available on the Web (see below). Council members use mobile devices to review the files during the meeting. Using a mobile device greatly reduces costs since most agendas, including the documents attached to files, are over 1000 pages when printed.

Web

Meetings are available on the Council's website. Email notification and web feeds (RSS) of newly released minutes, agendas, and meetings are available by subscription. Visit www.stpaul.gov/council for meeting videos and updated copies of the agendas, minutes, and supporting documents.

Cable

Meetings are live on St Paul Channel 18 and replayed at various times. Check your local listings.
