Attached is a copy of her check and what she sent with it
She actually wrote out the check on 8.9.22 – now the million dollar question is - did she mail it to the Phoenix AZ address on the top of her letter or did she mail it to the address listed below – which is noted in the body of the letter we send out - I'm thinking she mailed it to the AZ address because her check ended up getting posted to an account out of that area.
They somehow in the research – found it and then moved it to her account.
It is always important that if mailing a check – it be sent here and with the stub attached to their invoice.

Thank you Mary. Can you reach out to the agent to see what happened to the payment? The property owner is understandably confused about why it took so long tyo be applied to the account.

I show that the payment of \$62.26 that she states was sent in July 2022 and was cashed on 8.26.22 was not applied to her account until 10.14.22.

Yes it could have been cashed in August but hung up in unidentified cash if WM wasn't sure where to apply it.

These are some notes on her account - so I am assuming that it ended up in unidentified cash and when the PO talked to CE they reached out to CashApps to find the payment. I don't have access to that ticket and if you need further info I would have to reach out to the agent to see what she has.
