Dear Applicant:

Our review of your application for a license is in process. Notification has been sent to owners and occupants of nearby properties, community organizations and other interested parties giving them until **Thursday, March 2, 2023** to submit comment on your application. If no objections are received, and you have returned a signed condition affidavit if applicable, a recommendation for approval of your license(s) will be placed on the City Council consent agenda.

If objections are received a legislative hearing will be scheduled. You will receive notice of the time, place and date of the scheduled hearing from the Legislative Hearing Officer. At that hearing, the hearing officer will take testimony from all interested persons and will make a recommendation to the City Council as to whether the license(s) should be approved or be referred to an administrative law judge for further review. The City Council will have the final authority to approve or deny your license application.

Your license will be issued once City Council has approved your application and you have satisfied all applicable requirements. **Requirements including the following must be met prior to license issuance:**

- Sign and return one copy of the enclosed license condition affidavit acknowledging the conditions that will be placed on your license(s). A return envelope has been included for your convenience.
- Obtain a Sewer Availability Charge (SAC) determination from the Metropolitan Council Environmental Services (MCES) for this change in use of the space. Information about the SAC program may be found at the following website <http://www.metrocouncil.org/Wastewater-Water/Funding-Finance/Rates-Charges/Sewer-Availability-Charge.aspx> Payment of any SAC fee owed would be submitted to DSI.
- Obtain all necessary building and/or trade permits for construction work associated with the establishment of the use, and all required inspection approval(s) related to these permit(s). Only licensed trade contractors authorized to perform work in that trade (e.g., plumbing, electrical, ventilation, etc.) may obtain permit(s) and/or perform work in such trade. NOTE: a Building Permit will be required even if no construction work is needed due to the change in use of the space.

If you have any questions, please contact DSI Inspector Ross Haddow at 651-266-9143 or Jeff Fischbach at 651-266-9106.
