Subject: trash at 594 Lawson Ave W St. Paul
Date: Monday, January 2, 2023 1:13:02 PM

To whom it may concern,

I live next door to a building you manage and the tenants have been piling up their trash in the part of the alley that I'm responsible for. The city sent me a summary abatement order requesting the items be moved. Can whoever is responsible for the trash/recycling at this building please take care of it and find a better solution for the tenants' trash going forward? I spoke on the phone with someone at Housing Hub a couple weeks ago and they said the maintenance person would be out to pick up the items. I've included photos of the issue. Also, the recycling carts pictured are not mine either but are placed in my part of the alley.

Thanks,
Kelsie
