Hi Lisa –

Yaya advised I reach out to you to connect with a Code Enforcement Officer to get this gravel, secondary driveway removed from 1485 Winthrop St. N. Note, comments below from Ryan Lowry in Public Works. This is my first time working with Code Enforcement, so let me know what you'll need on my/Zoning end to resolve this.

Thank you,

Katie Erickson

Subject: RE: Driveway apron - The Heights

Zoning Team – is someone able to follow up on this non-compliant driveway? I'm assuming you'll need to work with Code Enforcement?

I agree with Ryan (PW) and Bri (Forestry) that this driveway isn't an issue to wait for resolution with the adjoining Heights development as Winthrop St likely won't be reconstructed for a few years and existing (legal) driveways will be replaced.

Thanks,
Tia

Greetings Zoning Colleagues,

I peeked at this property quickly and am wondering if it is one of our favorite addresses? (Meaning,

I know we have a complicated history with some properties, might be useful. Copying Ryan Lowry, a Site Plan Review Committee member from Public Works Street Design and Construction.

Well wishes,
Ashley

Good Morning,

Bri sent this over the other day. I don't think this should be taken into account in the Heights conversations. I think it should go to the DSI area inspector to enforce as non-compliant driveway surface and hindrance to storm water conveyance. They can apply for a curb cut if it is needed for some reason, but the property already has a driveway.

Let me know what you think.

Thanks,

Ryan Lowry

Subject: Driveway apron - The Heights

Hi Ryan,

I have a fun Friday question for you. Rolling through The Heights plans, I came across a property along Winthrop where it looks like a curb cut was never put in for the dirt driveway on the south side of the property (1485 Winthrop St N). The plans indicate nearby driveway aprons as getting replaced but not this one. This could be something that would be required of the project team to resolve, correct? Or does it require further resident approval?

Picture for fun. 😊
