Estimate

Thank you for the opportunity to provide you with this proposal!

We have partnered with **Venture** so a portion of the proceeds are building safe-houses for children in Nepal who have been rescued from trafficking.

Thank you for making a difference!

Please review below and let us know if you have any questions or concerns.

The final estimated price reflects the entirety of the work. Alterations may change individual pricing. Quotes are subject to change after 15 days.

*** DUE TO COVID19 MATERIAL AND/OR LABOR CHARGES MAY BE SUBJECT TO CHANGE ***

Upon approval we request a non-refundable security deposit of 5% of your total project invoice.

At the time of your initial pre-construction project meeting a 30% down payment of your entire project invoice will be due to cover the order of materials, any permit and inspection fees, and the start of labor on your project.

The remaining balance of your total project invoice will be due upon completion of your project. Completion of your project is reviewed by you and a member of our Project Team, and agreed upon with a final walk through and/or project scope review call.

Signed and approved change orders during project implementation are due at the time of approval.

If your total project invoice exceeds \$10,000, Solid Rock Construction reserves the right to request an additional progress payment during project implementation. This additional progress payment would change the overall terms of the project agreement as follows:

- 5% security deposit due within 5 days of proposal approval
- 30% down payment due at the time of your pre-construction project meeting
- 30% first progress payment
- 30% second progress payment
- 5% or remaining balance due at agreed upon project completion

Any of these payments can be made via the online ACH payment option provided through our BuilderTrend system, a check can be placed in the mail, or a credit card processing option can be enabled upon request for an additional 3% fee.**

CUSTOMER SERVICE COMMITMENT: Our goal for your job is to provide the best customer experience possible from our professional, friendly, and courteous staff by doing things right the first time while respecting your home and property. We will also help you, the customer, feel part of the process with regular updates and excellent communication. Solid Rock Construction strives for excellence in all we do, however, construction is not a perfect process. If for some reasons our excellence does not meet your expectations, we still reserve the right to require full payment.

The customer assumes responsibility of any and all exterior damages to, but not limited to anything subsurface, fiber optics,

utility lines, driving surfaces, pavement, curbing, landscaping, sprinkler systems, grass, etc. that may occur as a result of heavy equipment, material deliveries, construction vehicles, dumpsters, chemicals, excavation, etc.

Customer assumes all risk and warranty associated with any materials and/or labor that is not within our scope of work and/or any work done by Solid Rock Construction whereas any part(s) are started or completed by someone other than Solid Rock Construction.
