Hello All,

Per the attached resolution making a grant of time for the rehab or removal of this property, specific financials were to be provided to my office for review and approval, prior to permit issuance – see page 2 of the attached resolution. Working with Jonathan Reisetter (HRA Senior Project Manager), I have been able to review the documents provided to him as a part of HRA processing of financial assistance to the project.

Based on my review, I am asking that the Department of Safety & Inspections issue permits when ready.

I want to note that I find the documentation sufficient to demonstrate AEDS receipt of funds described in the amendment to resolution. However, I also find that the documentation of expenditures made to date is not thoroughly covered, per the resolution . I think this is a matter which can be discussed in the already scheduled Legislative Hearing on January 23, 2024.

Please let me know if you have questions. I wish AEDS the best in moving forward, Marcia

Marcia Moermond
