Ok, thanks for the update.

On Mon, Jul 25, 2022 at 3:08 PM Ward, Brendan <brendan.ward@krausanderson.com> wrote:

Si,

Just found out that the sliding door got pushed back again. They don't have a date for install at this time. I will let you know as soon as I hear anything.

Sorry for the continued rescheduling of this.

Thank you,

Brendan,

Doors and glass got delayed by the manufacturers at Little Saigon. We are estimating install week of 8/1 pending delivery of doors and glass.

Midway books, all material is in our shop, 7/25 start still works.

Thank you,

Rand Dickson

10-4. For Little Saigon and Midway books we are going to need 1-2days to before you can start.

I'll reach out to Cody and Erik to set up the temp door install on July 7/25 and hopefully you can start the next day or so.

Thank you,

Please proceed with the single large slider and material procurement.

Because there is no one to approve shops I'm going to lean on you to field measure and double check.

Thank you,

Morning Brendan,

Ok. I will move forward with the one larger slider, unless the Si would like return to the swing doors in the base bid.

Would you please let me know and we can start shop drawings and material procurement activities.

Thank you,

Mark

Mark,

I have spoken with the Little Saigon and informed them that we just don't have an extra \$2000-\$3000 to go with an 2nd sliding door at this location. If there is some chance it is less than that please let me know, otherwise what is in the budget would be the option for the one sliding door as you described below.

Mark and Si,

I maybe did not make it clear that we do not have any additional money for changes to this. That's why I was hoping that the design for how the layout was finalized before we went in for funding. The attached email includes a sliding door as requested by the owner for the same price as we went in for funding originally. This is the only option I seen being available to us or we go back to the original layout that is what the store has existing. There is a finite amount of money and the owner has already used most of contingency for an addition sign not in the original buget.

Please call my cell with questions. Thank you.

Subject: RE: RRR Fund - 353 University Ave - Little Saigon Storefront.pdf

Afternoon Brendan,

Artic will eliminate Three (3) swing doors, and add back into the project One (1) Automatic Single Slider Door and Transom Assembly at the YELLOW area.

There will be a fixed and operable automated panel.

Framing will be modified to accommodate the new knee wall.

No cost impact. Pricing to remain at \$49,312.00.

Sizing Recommendation –

We reviewed net opening at the active slider. A 108" Overall Frame Width will net a 47" Door Opening.

Thus the consumption of the sidelite and lower panel assembly as shown in yellow. This opening will allow for in/out pedestrian traffic as well as room for carts.

For example, a 90" overall frame width will net a 38" Door Opening. To us that seemed too tight.

This assembly will be packaged into the storefront system for seamless integration.

Please reach out with any questions.

Please provide approval to proceed with modified plan.

Thank you,

Mark

Hello,

Just wanted to update you on the progress for funding on both buildings. I have gotten costs from all the subcontractors and put a work order ticket together for both buildings, below is the amount I'm going in for approval:

- Little Saigon Market: \$110,711
- 365 University Ave: \$78,412

The committee was unable to get to these and I hope to have them reviewed when they meet early February. Please let me know if you have any questions. Just a reminder that all this work may not get approved and the amount could decrease.

Thank you,
