Comments
Remove & Replacing all cabinetry and drawers in lieu of piecing together.
Removing & Replacing the current aged and unsecure deck.
Placing an extender on the downspout removing it from neighboring homes driveway and subject property to point the center of the backyard.
The flooring will be pulled up and addressed according to tab 2. If additional work is found when flooring is pulled up this will be raised up from the local sub-contractor to the vendor and advise.
Removing flooring and installing new laminate flooring Repairing wood floor by stripping, sanding with 2 finish coats

Work was completed and Inspection is scheduled for Monday 2/26/24.

Capping will resolve per conversation held on 2/23/24.
