Internal note

Bills and NNPs were being sent to the wrong address for the past few years. They were going to the address of a previous tenant, Nicole.

Spoke to PO. He is an elderly, disabled vet. He states that Nicole was the tenant and she was evicted 10/30/2021. States that he called Advanced Disposal (763-786-7233) on 09/23/2021 and talked to Alexes to put the hold/udrf on the account and change the address into his name.

Asking WM if they have access to old Advanced phone/customer service records to check that. I've also asked WM to check if services were being used.

PO wants to contest as much of these assessments as possible.

Internal note

PO called the City 01-19-2024 requesting a service hold for the property. This was forwarded to the hauler. The City has no record of contact with PO or previous request for a service hold at the property. WM states that they have not had contact with this property until the service hold request forwarded to them in January 2024. The account previously belonged to Advanced Disposal. WM was able to find an old record of contact with Advanced Disposal on 09-23-2021. The notes from this interaction state, "Owner wants bill in tenants name due to having the [resident] pay it. Changed name at the owner's request." PO was not receiving garbage bills or notices of non-payment because they were being sent to the address of the previous tenant, however, PO was receiving the assessment notices. The garbage bill has gone to assessments for the following: 2023 (all quarters); 2022 (all quarters); 2021 (all quarters); 2020 (Q4- different PO).
