06/11/2021	21 271337	Resolved	CS - CSO Complaint - License - Complaint	"Handsome Hog has continued to threaten us with a license for increased noise all days of the week and extended hours of operation. Justin said they had the permit application submitted and he was confident they were going to get some sort of noise variance so they could run the patio as more of a club space vs outdoor restaurant. The strangest thing is that Justin seems to think he has some sort of special permission from Mayor Carter and Councilperson Thao to be loud in order to change the neighborhood. We would greatly appreciate some clarification on that, as it really does not sound like anyone I've talked to knew about or endorsed this "mission" Justin cited."
