Just spoke with the owner Matthew and he was checking to see if the Jan to March 2024 charge was removed by the hauler. His wife Tabatha contacted WM on 4/16/2024 and they confirmed that the charge for that time period was paid in full and they would have it removed. Can you give him a call at 612-578-5266.

Thank you

PO had CC compromised in Nov and updated info with WM then. Payment didn't post. PO called in April to ask why, and CC was updated again. PO doesn't feel late fees should be charged because WM didn't update CC info the first time.

Dear Matthew,

Thank you for contacting the city regarding your pending assessment for 299 Burlington Rd, Saint Paul, Minnesota, 55119. You stated you updated your credit card info August 30th, and Waste Management should have used the same card to process the Q4 (October - December) 2023 bill and the Q1 (January -March) 2024 bill via autopay.

Please reply to this email with proof of payment for your garbage bill for Quarter 4 (October - December) 2023. You can submit a bank statement, receipt, or account ledger with your hauler. Make sure that the date, amount, and Waste Management are all visible in the image. You can send a picture, screenshot, or file and attach it to your email reply.

Account and credit card information should be removed or blacked out on statement before submitting.

Jillian

Hey Jillian - we didn't do anything on their system after the credit card changed, and yet the payment came out automatically like it always has before.

I'm not sure what their assertion about a one-time versus recurring payment means from their perspective. However we did nothing - other than let the automated process work - to cause the October payment to occur. This is exactly the same 'nothing' we did before the credit card changed and would expect to do after the credit card changed, given the service they purport to offer. Their invoices even state explicitly on them "\*\*\*\*do not pay - automatic payment will be processed\*\*\*\*" (attached is the one specifically from October).

If they don't address this satisfactorily I will go through various options (e.g. - complaint with MN AG office), which I doubt they want to deal with.

**Jillian Barden** May 17, 2024 at 15:33

Hi Mattew

Thank you for your quick response. The October bill you attached says DO NOT PAY - AUTOPAY on it because it was scheduled to be auto paid on card 0426. That card declined, and it looks like a one-time payment happened from card 1238 the same date.

The January bill you received would also say DO NOT PAY - AUTOPAY on it because it was also scheduled to be auto paid on card 0426, but it was declined as well. There was no follow-up payment made until April 16, and by then, the bill was sent to us for assessment.

There is a Legislative Hearing process that you are welcome to participate in to contest the late fees. The next hearing is scheduled for the morning of July 11. To do that you, please reply to this email stating you'd like to appeal.

If you find any payments sent to Waste Management that posted between January to March, please send over a screen shot of the receipt to move forward. If you cannot find one and decide to make a payment, you can do that online at [City of Saint Paul - Assessment Lookup](#) or mail a check to:

Thanks so much for the quick call to explain the background for these screen shots.

These showcase what we have for communication related to a search for "Waste Management" in my wife's email. You'll see a few extraneous things (e.g. job postings).

We have some in October that we reacted to, but aren't finding any in the first quarter that would have alerted us to issues (like the one in Oct).

Thanks

Hi Matthew

Here is a copy of the three letters they sent to you. They were sent in in the standard mail.

Let me know if you have any other questions

Thank you

**Matthew J Barrett** May 21, 2024 at 13:20

Hi Jillian - Was there any electronic communication that they sent on the matter? Or any explanation as to why no electronic communications were sent?

It's curious given that it worked (electronic notice) to address an issue in the October timeframe, why they wouldn't have also employed that option in the first quarter.

Thanks

**Jillian Barden** May 21, 2024 at 14:48

Hi Matthew

The Haulers rely on physical mail to send Notices of Non-Payment to service addresses. This ensures consistent delivery of these important documents, just like the "Invoice and Final Notice" sent by the city.

The October email was a current billing statement, and not past due, which is why it was an email.

Let me know if you have any other questions

Thank you

**Matthew J Barrett** May 21, 2024 at 14:51

Correct, but at some point the Q1 payment was also a current billing statement (like the email from 10/25). Why wasn't there an electronic communication to start the process, which then might have resulted in none of the rest of this occurring. It seems like a pretty big oversight to not start with the electronic communication about the card being declined in January.

**Jillian Barden** May 21, 2024 at 17:01

Matthew,

Waste Management replied and said they emailed you Oct 23, 2023 and Jan 25, 2024 at the address [tabbykat97@gmail.com](mailto:tabbykat97@gmail.com). Waste Management states both of these emails were informing you that your CC payment declined. You did not call in until April 4th to resolve the issue

Jillian

---

**Matthew J Barrett** May 21, 2024 at 17:08

I'm somewhat surprised that wasn't the first response, but instead it was communicating about the mail delivery. Can Waste Management supply proof that they actually sent the email on January 25th? It's unusual, as it doesn't show up in my wife's email when the rest of the communications do, and she doesn't make a habit of deleting them.

Thanks

---

**Jillian Barden** May 22, 2024 at 10:02

Hi Matthew.

Waste Management said "the messages he received on 10.23.23 & 1.25.24 were sent to the above e-mail address telling him that his payments declined - he didn't resolve the issue until 4.4.24"

I am sorry you are not able to find them in the your wife's email. They reached out via email on Jan 25 with no response, and three separate times by regular mail. You still received garbage pickup service for Quarter 1 2024 (January - March). Because it was unpaid, it is now an assessment.

To make a payment, you can do that online at [City of Saint Paul - Assessment Lookup](#) or mail a check to:

Thanks Jillian - I'll go ahead and attend the Legislative hearing to describe the experience and lack of communication which resulted in this situation. If in the meantime they (Waste Management) can supply proof that the email was in fact sent in January that may help.

Thanks

**Jillian Barden** May 22, 2024 at 11:07

Matthew,

I have added you to the agenda for Legislative Hearing scheduled for July 11, 2024 at 9:00 am. You will receive a paper letter in the mail with this information around June 17, 2024. You can attend in person or over the phone. There will be more details as the date nears.

In the meantime, I reached out to Waste Management again and asked for a copy of the email.

Feel free to reach out again if you have more questions

Hi Matthew

Waste Management is having an issue downloading and attaching the email your looking for. However, if you log into your Waste Management account, you will have access to the email.

Waste Management said "he can go out to his account on [www.wm.com](http://www.wm.com) and if he clicks on payments – it will show him the decline notification he got in Jan 24 & Oct 23.

He has ezpay and he made online payments so he should have access to it."

Let me know if you have any more questions
