Staff Comments

WM states they did not receive notice the garbage cart was missing until April 2024, after PO was discharged from the hospital. PO had already received Q1 2024 tax assessment. PO also recently had small house fire on May 20, 2024 and is currently in temporary housing. She plans on returning home in by September. PO has paid her Q2 2024 bill and has submitted temporary hold documentation. WM states they have not received temporary hold paperwork yet. Staff recommends removing Q1 2024 assessment of 71.84 under a city adjustment.

Internal note

PO states they would like to contest because they had a house fire and WM came to take their carts from the property so no garbage services should of been charged.

Thank you, I got it.

Hi Angela

Waste Management responded to me stating they emailed you the service request form on June 18th, but you have not returned it back to them yet. Please make sure to submit the form so the garbage billing can be paused. You can send it directly to Waste Management or you can send it to me and I can forward it to Waste Management. If you send it to me, then I would have record of you asking for the temporary service hold.
