Dear Property Representative: ?

A referral has been made to our office regarding code deficiencies that are reported to exist in your building or on the premises. A follow up will be made on or after August 2, 2024.

DEFICIENCY LIST

1. Throughout - SPLC Sec. 40.01. - **Fire certificate of occupancy requirement**

(a) All existing buildings in the city are required to have and maintain a fire certificate of occupancy, issued by the department of safety and inspections. The fire certificate of occupancy shall be an indication that the building meets, at the time of inspection, all relevant codes to maintain the health, safety and welfare of the building's occupants and the general public.

(b) Provisional fire certificate of occupancy. When an owner-occupied dwelling changes to a rental dwelling unit, the owner of the dwelling must submit a completed application for a provisional certificate of occupancy, a completed owner's self-evaluation affidavit and pay the fee for a provisional certificate of occupancy within thirty (30) days of the change in use.

Under SPLC 40.03, owner and owner-occupied is defined as:

Owner. The person, firm, corporation or other entity listed in the records on file in the recorder's office as holding fee title to the building. For purposes of notice only, "owner" includes the owner's authorized agent or other person in control of the premises.

Owner-occupied. Dwellings which are the principal residence of the owner of record of the building and in which the owner resides. "Owner," for the purposes of this definition, means a natural person and does not include a corporation, partnership, or other entity.

Per these definitions, a Fire Certificate of Occupancy is required for the property.

-Apply for a provisional Fire Certificate of Occupancy, have the building vacated, or convert the building to an owner-occupied status by August 2, 2024.
