Legislative Hearing Officer,

DSI received a voicemail objecting to the Health/Sports Club license application at 431 Snelling Ave N. In speaking to the caller, she only just read the letter today and lacks a working computer to submit her objections via email. I spoke to her and she requested I took down her concerns for the record.

Dorothy Irvin , a resident at 1615 Saint Anthony Ave, has concerns relating to the proposed business and apartments in very close proximity to the business. Approximately a year ago she and others in the neighborhood received a letter from the city notifying them that four men with a history of sexual child abuse crimes would be living in the 400 Block of Roy St N.

She has concerns that the men may be associated with the business; either as partners, employees, or customers, and may use the health/sports club facility to continue to commit sexual crimes with minors.

She ended the phone call stating that Saint Paul has had a history of protecting minor victims of sexual abuse, and that she hopes the city continue this work. Her number is 612-387-3784.

Best,
Luis

Hello, this is Dorothy Irvin. I live at 1615 Saint Anthony Ave. and I'm calling about a letter concerning the license application notification for a health Sports Club at 431 Snelling Ave. N. It seems like from this letter it looks like the cutoff date is today and I've just opened this mail. It hasn't been on my left my desk for very long and I don't know, but I want to issue a complaint about that idea. I'm a resident, as I say, on Saint Anthony Ave. And I hope you will call me back, 612-387-3784. I'd like to hear from you shortly because this letter that I just opened on my desk says the deadline for response date is September 6th. And I think that's today or more or less, yeah, today. So I want to hear back from you very soon. And Dorothy Irvin, thank you.

You received a voice mail from [WIRELESS CALLER](#).
