Mr. Mehta,

Thank you for helping to facilitate my inspection and review of your camera system at 220 Robert St. S. on 05/02/2024. *Attached* is a copy of the camera plan that was agreed upon. Please retain with your records.

Regards,

CG

Charles,

Please find the video monitoring system setup at 220. All are configured and tested as we discussed.
Please let me know if you have any questions.

> Hi Charles,
>
> I hope this message finds you well. I wanted to extend my gratitude for your time yesterday morning. Your guidance on our security system was invaluable, and I truly appreciate it. I wanted to provide you with an update on the progress we've made since our discussion:
>
> Following your suggestion, I've implemented several changes:
>
> I relocated two existing cameras to new positions in Suite 101.
> Adjusted the viewing angle for the camera in Suite 201 upstairs.
> Installed two additional cameras - one in the second-floor hallway and another at the front lobby, facing the entrance to capture close-up footage of anyone entering the building.
>
> I'm currently in the process of conducting a thorough 72-hour test to ensure everything is functioning optimally. Here are the areas I'm testing:
>
> Regular Power Supply & Network Connection: Ensuring consistency in both power supply and network connectivity.
> Image Quality Check: Monitoring image quality throughout the day, including different lighting conditions, to ensure there are no distortions or abnormalities.
> Motion Detection: Verifying if motion triggers recording as expected.
> Recording: Ensuring that all footage is saved properly.
> So far, everything appears to be in order, but I want to ensure we've covered all bases. I'll provide you with further

details by Sunday once the testing is complete.

Thank you again for your assistance.
Raj
