Thank you for contacting Driver and Vehicle Services.

It is not required to have valid tabs, if the vehicle is not being driven on Minnesota roads.

Please let us know if you need additional assistance. Include this email chain in your replies.

Sincerely, Travis

Customer Comments

Hi,

Will you please let me know if a car more than 20 years old, stored on private property and not driven on public roads, is required to have current tabs? I do not plan to update the tabs or purchase collector plates, before the vehicle is restored and operated on public streets.
