Hello, my name is Ruthan Godollei. I live at 661 Hague in Saint Paul. I'm calling in regard to the rezoning of 642 Selby Ave., Reference ZF #24-098-512. I understand it's being rezoned from business to traditional neighborhood and I have no objection to that. I am concerned that the business that there was a dry cleaner for many years and I'm concerned about the toxic waste of the dry cleaning chemicals and hope that there is some provision that they be cleaned up responsibly and not left in the soil or to damage people's health in the neighborhood or the future tenants of that neighborhood housing. That's my only concern. Thank you.
