Subject: Contesting "Tall Grass and Weed Removal"

You don't often get email from ariwarshawsky@gmail.com. Learn why this is important

Hello,

I just left a voicemail but wanted to follow up via email in case it's helpful. I received a letter on Thanksgiving saying that we potentially owe $538 for "Tall Grass and Weed Removal on Private Property" from 5/29 - 7/31. We are extremely confused by this and strongly believe this must be a mistake. We definitely never had anyone mow our grass or remove weeds, as my wife operates a business from our house and we must keep the lawn in excellent condition. We definitely never received any notice about this and are perplexed by the letter. If there was supposedly an issue with our lawn back in June and July, why did we just learn about this last week? Why weren't we told to do anything? Are there pictures of this? I can't tell you the number of compliments we received all summer about our lawn. We spent many hours every week on it to keep it looking nice, so we really feel this must be some sort of mixup and are very distressed by this. Can you please explain what's going on? Here's the info from the letter:
File J2506T
Assessment 258511
1559 Summit Ave
Parcel ID 03-28-23-23-0136

Thanks,

Ari Warshawsky
