All In for a Strong Saint Paul

Downtown Sidewalk Improvements

SAINT PAUL
PUBLIC WORKS

As part of the City's Downtown Revitalization efforts, Public Works will begin a series of sidewalk improvements **starting Monday, June 23, 2025**. You'll notice different types of work happening, marked by color:

- **Red:** Concrete sidewalk panel replacement – may include updates to pedestrian ramps
- **Blue:** Concrete grinding – to smooth and level uneven sidewalk surfaces
- **Yellow:** Brick paver replacement – may also include pedestrian ramp improvements

These upgrades aim to make walking Downtown safer, smoother, and more accessible for everyone. Thank you for your patience as we improve our city streets!
