Subject: Assessment for Mill-Hatch Overlay
Date: Tuesday, October 14, 2025 10:18:51 PM

You don't often get email from rbach119@gmail.com. Learn why this is important

This ill timed assessment is very expensive. I personally do not think the overlay has any value by itself. If you did the alleys too while you were at it, we might find it agreeable. My alley directly off Rice Street needs repaving.

Thanks,
Rose Bachman
