I am writing regarding the abandoned CVS on University and Snelling. While there are so many good things happening in the Midway, leaving an abandoned and neglected building at such a prominent intersection makes the neighborhood feel blighted and unwelcoming. As a close neighbor to this property, I strongly support not only demolition of the building, but sale of the property to someone who will make use of it. It is a disservice to the residents and businesses of midway to allow CVS to retain ownership of this property while making no effort to maintain it.

Thank you for your consideration.
