Think Before You Click: This email originated outside our organization.

Adopting and adapting the words of one of the worst Presidents this country has ever suffered, I'm writing as your constituent asking you to support demolition of the long-derelict CVS building at the corner of Snelling and University with haste and prejudice.

The sooner that parcel is vacant, the sooner useful, productive building can take place there that reflects the best and highest use of this high-value parcel.

Thank you!
