Subject: endorsing CVS Pharmacy demolition

You don't often get email from david@davidmennicke.com. Learn why this is important

Greetings! Thank you for holding the recent public meeting concerning plans for the vacant CVS pharmacy building at University & Snelling in St. Paul. I write to endorse the recommendation to demolish the building and make the site available for development that will restore that troubled area to better usage to meet the needs of St. Paul and its residents. Thank you.
