To
Saint Paul City council

I ask that the ratification of assesment (file number VB 2602 Assesment NO 268901) be withdrawn from consideration at todays city council meeting for the following reasons:

1. There is Confusion as to the dates of this assesment. At the appeal hearing MS moreman Stated that this assesment was for the period June 25, 2025 through June 24, 2026. This is recorded in the hearing minutes as correct.

2 However, the legislation text I was given States 2 very different dates! "unpaid VB fee billed during 8/9/23 to 8/14/23" You have allready assed me for this time period and I have paid this assesment.

see next page

The second set of dates in the legislative text are in the first "Weeras" paragraph. They are February 12 to May 22, 2025. May 22, 2025 was almost 9 months ago. So this is a retroactive assessment that was not ratified in the year it was accrued and may be illegal.

3. Due to the clear misstatement of MS Moremon in the appeal hearing I ended up trying to defend myself from an assessment that was different than what was actually proposed. Her misstatement prevented me from Commenting on the actual proposed assessment. Therefore I ask that action be postponed until I am allowed my due process right to comment of your actual proposal.

I reserve the right to appeal this to district court if my concerns in this matter are not heard.

To the best of my knowledge
The above is true and correct
