Hello Chinedu Ezlrike,

You attended a Legislative Hearing back 5/20/25 and then the matter was continued several times to see if we can access history of any pending violations. At that time the hearing officer recommended reducing the assessment from $389 to $190 and then delete if there are no same or similar violations. To date, we are still lacking the ability to lookup information; therefore, at today's City Council meeting, the recommendation will go to Council to delete. No need to attend and sorry for the late notice.
