This appears to meet the requirements.

Thanks

I'm still waiting on a response.
I made this design last night.
Is anyone reading this?

I've attached photos of all my work.

1. The compost bin has a lid. All walls are securely fastened, with posted for added height at a later date.
2. The rock pile is completely gone.
3. My brush pile has been eradicated. You can see that it is level.

Mark,

I've attached the original letter for your ease of reference. The first Council Public Hearing was 8/5 for the **compliance date of 8/7**. Next week, as Ms. Vang stated, is your making-finding hearing (8/11). If you're in compliance, then the file will be closed and nuisance found abated. Otherwise please refer to my letter for dates.

You don't need to rush today/tonight. You have until 8/7 but honestly you have until *at least* Monday morning before an inspector comes by to see if the nuisance is abated. There is no need to send photos yourself.

Thank you,
Joanna

Think Before You Click: This email originated **outside** our organization.

Oh, I thought August 7th was the city hall hearing itself.

This definitely hurts my ability to keep up with things, but I will see if I can rush some final work tonight and send pictures before 10PM.

Hello Mr. Puchala,

Ms. Moermond is not willing to give you additional extension, but you have another hearing on August 11, 2026 via remote between 11am-1pm for staff to review the matter to see if the nuisance has been abated. It will then go to City Council on August 19, 2026 for final adoption. Note, this was also mentioned in Ms. Zimny's letter dated July 24th.

I've been having trouble finding time to renovate the compost bin in time for August 7.

Is there no way I can ask for an extension?
