Hello Ms. Fraser,
Your council public hearing is tomorrow, August 26 at 3:30 pm in Room 300 to further contest this matter. Inspection Xiong who is copied here will need to determine whether the nuisance is abated, but from my letter on August 13th, you are to remove all rocks/obstructions and cardboard from the blvd, not just clearing out the grass/weeds below 8 inches.

As indicated in my Revised August 13 letter, there will be another hearing on **September 1st via remote hearing between 11am-1pm** to determine if the nuisance has been abated. If not, the Council will authorize the Dept of Safety & Inspections to proceed with the abatement and assess you for the cost.

Think Before You Click: This email originated **outside** our organization.

Hello,

I am following up on the questions I outlined below. I have cleared everything on the boulevard that is over 8" that may be considered a weed. Plants that I am keeping (oregano, wormwood, carrot, milkweed, creeping thyme) and the rocks and cardboard that I'm using for occultation remain on the boulevard. I am out of town for the remainder of the week so I am hoping to understand what to expect during that time.

Thank you!
Anna

> Thank you for this updated letter. I am a bit confused on the process that it outlines and am hoping to get clarity. My understanding from this letter is that there are a few key dates which I've outlined in the table below. Can you please provide additional information on what it means to contest at the Public Hearing? If I am contesting, is the compliance deadline still relevant to me? If I am not contesting, how will I know that I have met the expectations of the inspector prior to inspection?

> I see in the letter that rocks and cardboard should be removed from the boulevard. I am using those items for occultation so they will remain on the boulevard until all the plant matter underneath them has died down. This process takes many weeks, sometimes months. Would this be something that I would explain at the hearing?
