You don't often get email from petertgaffney@gmail.com. Learn why this is important

Council members,

We are not obligated to fund an external defense of Mayor Her in this lawsuit, and should not. Mayor Her's documented conduct is clear malfeasance and incompetence. The best single thing she can do to help with our budget issues is to resign and deal with this privately. A recall effort is going to be underway Jan 1st. Let's save ourselves the trouble and move on.

Thank you.
