Think Before You Click: This email originated **outside** our organization.

Hello,
We were originally referred by Hector Cabello of DSI in March of 2026. I did go into the field and met with Vicky Terhell and her daughter, Jessica Terhell at the home. They shared concerns about the broken sewage line and about not having the funds to fix it. We did not jump into sanitation help because the sewer work needed to be addressed. I learned from DSI-Kedrowski that they authorized financing for repairs to the sewer line. I followed up with Vicky; she shared that the sewer had not been fixed and was still having problems. I tried following up on that through DSI. It became more difficult to connect with Vicky. I learned she passed away in May on the 20th. I continued to help the family clear the debris, and they used 2 30-yard dumps. WE picked up several recyclable items that were curbside. Jessica was not going to be living in the home, so I did not authorize any cleaning team; it would not have qualified under our grant.

Let me know if you have additional questions.
