Yes, we tried twice this morning. You may contest further to the City Council on September 2, 2026 @ 3:30 p.m. in Ramsey County/City Hall Courthouse on Third Floor, Room 300 Council Chambers. Please note you will only have 2 minutes to speak before the City Council.

You don't often get email from moneygangstudios612@gmail.com. Learn why this is important

Address: 777 Ohio Street St Paul,MN 55107 couldn't find file number on the paper work but we have an invoice from a plumber and he his self told us there is no way the city ever did any of the work yall claimed you did as he had to clear the pipes in the house the main drain etc before the plumbing worked and your city workers had the whole basement flooded with dirty water 3 inches deep before we got everything fixed so definitely will be contesting this as we have a plumber willing to come in with his expertise and fight it with us

hello my name is Jessica Klasen Beneficiary of Michael Klasen/Vicky Terhell estates we have just received an assessment of the work the city lied about doing but we have proof from a licensed plumber our pipes,etc were never even touched by them only thing they did was put a spicket on the front hill which has been leaking as the ground stays wet around where they dug for now months proving they caused a leak and covered it up. So we would like to appeal this assessment as nothing was done by the city and we have proof from a licensed plumber/sewer company that the things stating to be done were never done
