To whom it may concern:

Per the request of S.F. Homes I have reviewed the delivery possibilities of the letter dated September 29<sup>th</sup> 2011 Mailed from the city of Saint Paul to SF Homes in Maple Grove.

It is my opinion that if this letter was put into our system by noon the 29<sup>th</sup> it would have arrived in our office the 30<sup>th</sup>. However if the letter was mailed consistent with most Government and business mailings, going to the downtown St Paul sort center after 5pm it is doubtful that it could have arrived before the afternoon of the 30<sup>th</sup> making it available in the customers box after 1300 on that day.

It is my experience in this office that most business customers pick up their mail once daily, in the morning. The next business day was October 3, 2011.
