RE: Application for Appeal
883 Parkview Avenue, Saint Paul, MN 55117

We are appealing the egress requirement as outlined by the fire code in the city of St. Paul. We removed wood double-hung windows in the bedrooms in question and installed a replacement pocket type vinyl double-hung window in the openings. In this situation we replaced it with the exact same style window.

The new window provides ease of operation unlike the old windows. In addition, this is the largest window of this style that the manufacturer makes for this size opening. As a matter of record this installation does comply with the Minnesota State Building Code therefore we graciously request your consideration in this matter.

Sincerely,

Mel Hazelwood
President
