

Hi Dave,

I saw the article about Cosetta's request for a stormwater waiver in today's STrib. I would like to express my opposition to granting a waiver. Given all the city/public support he's received so far -- especially the living wage exemption, he should be expected to comply with this very important requirement. It's unfair that he should get a stormwater management break when all others have not; besides it's a really bad environmental precedent to set.

I strongly urge you and other Council members to vote against the requested waiver.

Thanks,
Carol (Swenson)
