

Russ & members of the City Council,
I am tired of St. Thomas trying to take over my neighborhood! If they build the 1st dorm, which it is since it's only for students, where are all these people going to park? And now they want to build a 2nd one? Parking is already horrible, now they want to have space for how many more students? Not to mention the size of the building. I drove down Grand, started at Cretin & went all the way to Dale. There is only 1 building that is 5 stories.

I have lived on Lincoln Ave. for 8 years now. Each year, the St. Thomas students get more disrespectful. They do nothing to reign their students in. I'm tired of the litter in my yard; the drunk students walking around at night; the loud parties during the work until late at night; the urinating in the yards; the parking. Where does this end?
Thanks,

Sarah Hansen
