THE COUNCIL OF THE CITY OF SAINT PAUL DOES ORDAIN:

SECTION 1

**Section 60.215. - N.** of the Saint Paul Legislative Code is hereby amended to read as follows:

~~*Nonconforming building.* A lawful building existing on the effective date of adoption (October 24, 1975) or amendment of this code but that does not now comply with the area, width, height, yard, percent of lot coverage, or other regulations concerning bulk or location on the lot, or spacing requirements from another use, off-street parking and loading requirements, or other regulations of the district in which it is located.~~

~~*Nonconforming use.* A lawful use existing on the effective date of adoption (October 24, 1975) or amendment of this code but that is not now permitted in the district in which it is located.~~

SECTION 2

**Chapter 62 - Nonconforming Lots, Uses and Structures** of the Saint Paul Legislative Code is hereby amended to read as follows:

**Sec. 62.101. Intent.**

There exist within the districts established by this code and subsequent amendments lots, structures, and uses of land and structures that were lawful before this code was passed or amended that would be prohibited, regulated or restricted under the terms of this code or future

amendments. It is the intent of this code to permit legal nonconforming lots, structures or uses to continue until they are removed and not replaced in accordance with Minnesota Statutes, section 462.357, subdivision 1e.

The code recognizes that in some circumstances allowing nonconforming uses to be changed to similar or less intense nonconforming uses, or allowing nonconforming uses to be reestablished in vacant buildings may benefit the city and surrounding neighborhood. Some buildings have a long useful life and allowing their continued occupancy for nonconforming uses can be more desirable than requiring them to be vacant if they cannot be converted to conforming uses. Consequently, the code allows conversion of nonconforming uses to similar nonconforming uses and allows the planning commission to reestablish nonconforming uses in vacant buildings if regulated so as to be compatible with the surrounding neighborhood.

The code ~~recognizes~~ provides, under limited circumstances, for that enlargements expansions or relocations of nonconforming uses ~~which improve the appearance and functioning of the use can benefit the surrounding neighborhood. The code allows the enlargement of nonconforming uses when found to be compatible with the surrounding neighborhoods.~~

#### **Sec. 62.102. Legal nonconforming uses and structures.**

~~For the purposes of this section, "use" means the principal purpose for which land or a building is being occupied. A use or structure will be presumed legally nonconforming if it can be demonstrated by clear and convincing evidence that prior to October 25, 1975, the use or structure was established, converted, or enlarged expanded and occupied pursuant to building permits issued by the city; if the use or structure was allowed in its location at the time it was established; or if it can be demonstrated by clear and convincing evidence that the particular use or structure has been in existence continuously for twenty (20) years prior to since December 13, 19561976. The burden of proof shall be on the property owner. For the purposes of this chapter, "use" means the principal purpose for which land or a building is being occupied. A legal nonconforming structure is one that lawfully existed when created but does not now comply with the area, width, height, yard, percent of lot coverage, or other regulations concerning bulk or location on the lot, off-street parking and loading requirements, or other regulations of the district in which it is located. The planning commission may approve permits granting legal nonconforming use status to uses or structures that do not meet these standards,~~ as set forth in section 62.109(a) and (b).

#### **Sec. 62.103. Nonconforming lots.**

...

(c) A nonconforming use shall not be moved in whole or in part to any other portion of the lot unless the planning commission approves a permit for the relocation as set forth in section 62.109(d).

This is not intended for those uses which remain on the land but whose activity may cease for a period longer than ninety (90) days due to reasons associated with the customary operation of such use.~~

...

(f) An existing off-street parking space for one- and two-family dwellings in a required front or side yard shall be considered a legal nonconforming use provided the parking space was established pursuant to a curb cut permit issued by the department of public works prior to October 45 25, 1975, and the parking space has ~~been existed~~ existed continuously since the permit was issued or it can be demonstrated by clear and convincing evidence that the parking space has been in existence and used continuously since October 25, 1975.
