RE: 1176 Dale St. More 4 A Buck

Christine,

I did a drive by re-inspection at the above business on Tuesday the 14 of August. They are still out of compliance with the conditions of the license. There were two red trucks one with the topper leaning against it parked in the alley, a plow that was left in the alley both of these were at the South side of the property where there is to be no parking. Pictures were taken at this time.

There was a gray Chevy SUV that was parked in the alley at the back of the building (East side) that appeared to have tools and a jack under it. Again this is an area that they are not to be parking or working on cars.

There were still vehicles parked in the lot that are missing major parts and that have tarps covering them. Some have been there for extended periods of time. Vehicles that are not parked in compliance with their approved site plan.

At this time he is out of compliance with Conditions 2, 3, 4, and 5.

A copy of the pictures taken on 8/14/12 will be submitted with this report.
