Subject: Correction notice file 12 203927 attn Marcia Moermond

Greetings,

As per your request I am keeping you informed regarding developments relating to the hearing on Dec 6.

Status update regarding:

1. Permit for hoop house; Have contacted permit Clerk Linda who referred me to Dori in Plan Review. I have left a message for Dori asking to get a permit for the hoop house.

2. License for urban agriculture as a home occupation: I called Anne Hunt at the mayor's office. She referred me back to Anton Jerve who I had already contacted before the hearing. I also called the general line and was put through to Larry in zoning who referred me to Tom Beech in zoning. I called Tom and he is looking into urban agriculture license for home occupation.

Thank you,
Cherry Flowers
