

Re: May 1, 2013 Public Hearing
Agenda Item 30 RES PH 13-76 Final Order to consider approval for new sidewalk improvements along the west side of Kent Street - Orange to Wheelock. (File No. S1307, Assmt. No. 135307)

Please consider this E-Mail my written statement providing notification that I am against the proposed new sidewalk on the west side of Kent Street between Orange and Wheelock Parkway.

I will not be able to attend the May 1st meeting but would appreciate my E-Mail considered as record of my opposition to the installation of a sidewalk where one has never existed on the west side of Kent Street between Orange and Wheelock Parkway.

If you would like to discuss this matter, please call me at 651-489-3738.

I have attached with this E-Mail a copy of the Public Hearing Notice detailing my Property Tax Description and assessment. Thank you for your attention to this matter.

Sincerely,
