has been fixing over the years.
Don't take him away from us because
our block without ARJO would never
be the same. He deserves to stay
in that house and that fence that
was put around the park deserves to
be taken down. Leave ARJO alone
he is nothing but a great guy who
truly loves and cares for his neighborhood.
Thank you for your time.

To whom This May Concern,

My name is Nallely Castro Montoya.

I am an undergraduate at the University of Minnesota-Twins Cities. I am writing this letter because I am very concerned about my neighbor's situation. I have been living at 670 Wells Street since I was 8, I am now 21. Throughout the years of living in this neighborhood, ^{never} have I seen a man so dedicated to his house, the park, and his neighbors like Arjo.

When I was younger we used to live next door to this nice old lady, Arjo always made sure she was okay; I saw him clean out her backyard a couple of times. When people moved in he made sure he introduced himself. When my parents cleaned out the basement Arjo came and helped us take things to the junkyard. When something happened in our block he made sure we all knew. He has always been there for us. Like he once said, "we're neighbors, that's what we do, help each other out!" If it wasn't for the city park he fixed up I wouldn't have started going out for runs down the trail. He really made that park friendly, he has made our block safe because he always watches over us. We need more amazing people ^{like} Arjo. He has always been there for us, so now it's our turn to be there for him. Don't take away his

Hola,

me llamo Porfirio CASTRO. y vivo en 670 Wells street. Les escribo para decirles que nosotros, mi familia y yo, no queremos que nuestro vecino Arjo se vaya. En todos los años que hemos vivido aquí nunca he visto que Arjo haga algun mal, mas bien nos hace bien a todos. yo no se porque despues de tantos años lo quieren sacar de su casa, si es una buena persona. Siempre se anda preocupando por sus vecinos, y ademas el es el que arreglo su casa y el parque no la ciudad. Nosotros no queremos que el se vaya porque nuestra cuadra sin el no sera igual. La familia castro-montoya apoyamos a Arjo y no queremos que le quiten su casa ni que destruyan el parque que el con tanto esfuerzo construyo.

To Whom It May Concern:

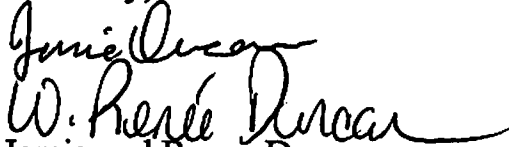

We strongly protest the city's intention to board up the first story of the property at 676 Wells street and erect a fence around it.

We have been in the house and it is by all appearances livable and well maintained. It is unreasonable and bizarre to even consider tearing it down. It is also occupied, and has been during the three years we have lived at this address, by Arjo Adams, who is a responsible, courteous, and friendly neighbor who is well liked by the residents of our street.

Arjo removed a fallen tree limb from a power line in our backyard and helped us rebuild part of a fence that was knocked over in the same storm out of the goodness of his heart. He is a good man, a good neighbor and strengthens the community.

Boarding up his house would be a profound injustice to Mr. Adams and to the community and we strongly oppose that course of action.
