C-120223	Garrett Stadick 9920 Briar Road Minneapolis MN 55437	On October 19, 2012 SPRWS repaired a broken water main in front of 983 St. Anthony, on the north side of I-94, adjacent to a pedestrian bridge installation. The break resulted in saturated soils. On October 25, 2012, the bridge project pushed traffic to one lane over the main break patch. The patch settled creating a pothole in which the claimant's vehicle tire popped and bent the rim.	\$396.57
C-120226	Laudan Fenster 2306 Timber Trail East Maplewood MN 55119	SPRWS forces were performing routine hydrant inspection and flushing exercises in an area of high static pressure when internal hydrant mechanisms failed and a sudden pressure surge resulted. The pressure surge impacted 13 homes in a cul-de-sac served by the dead-end water main and each property immediately experienced a flooding situation. SPRWS immediately dispatched crews to control the flooding, assess the situation and promptly contracted for water clean-up of each property.	\$1,123.50

C-130005	Access Communications 5005 Cheshire Pkwy Plymouth, MN 55446	On December 5, 2012, at the request of the City of Oakdale, SPRWS performed excavation and backfill for a hydrant replacement on Century Ave near Midvale Place. In the course of excavating SPRWS damaged the casing of a fiber optic cable. The cable itself was not damaged. Claim was to repair the casing pipe.	\$777.43
C-13009	Lora Vang 1862 Conway Street Saint Paul, MN 55119	On November 9, 2012, SPRWS was notified of a sewer issue at 1067 Fremont Ave. A depression in the street lead to the claimant contracting with a Sewer Service Company to televise their sewer. An obstruction was observed and a separate Sewer Service Company was contracted to excavate and make repairs. The excavation revealed in July of 2003 SPRWS had bore a 2" water main through the sewer pipe obstructing flow to the main line sewer. This claim included reimbursing \$150 for televising and \$3,235 for the excavation and repair work.	\$3,385.00
C-130013	Ryan Plumbing and Heating 811 University Ave. Saint Paul MN 55104	On November 8, 2012, in the course of replacing a lead water service at 587 Elfelt St. from the meter setting in the basement to the stop valve in the boulevared, Ryan Plumbing struck a 2-inch water main that was mis-marked by SPRWS. While SPRWS responded promptly to the site and repaired the broken main, Ryan's job was delayed by 4 hours. The claim reimbursed Ryan for equipment and labor downtime.	\$1,810.00

C-130021	1795 Albert Street Falcon Heights, MN 55113	shut off the water to 198 Bridlewood Drive. The crew mistakenly shut off the water to 200 Bridlewood Drive. The tenant at 200 Bridlewood Drive called Dispatch to report no water. SPRWS dispatched the truck to turn the water back on. When the SPRWS crew arrived they saw someone in the window, gave a wave and turned the water on. A short while later, the claimant and owner of the unit, called to report water damage. He explained the tenants young son had closed the drain plug in the bathroom sink and when the water was turned back on the water overflowed the sink flooded the bathroom and flowed to the floor below damaging the livingroom ceiling. SPRWS acknowledged its representative should have spoken directly to someone at the home when they turned the water on.	\$2,340.90
C-130026	Catholic Mutual Group 267 E th St Saint Paul, MN 55104	On the night of January 10, 2013 SPRWS made emergency leak repairs in the street R-O-W to the water service to Saint Mary's Church at 261 East 8th St.  SPRWS records show prior failure of this same water service piping. Specifically, on May 27, 1995 the 3-inch service to 261 East 8th Street broke and caused flooding of the Church. At that time, a claim was filed and SPRWS settled with the Church. With the 2013 leak, Staff reasoned SPRWS had prior knowledge this piping was vulnerable and could have acted to prevent a break by replacing the piping.	\$2,973.10
C-130041	Joanne Tromiczak-Neid 1181 Duluth Street Saint Paul MN 55106	SPRWS received a call from Equitron Holdings requesting the water to 1181 Ross be shut-off due to flooding. SPRWS dispatcher understood the caller to request a shut-off at 1181 Rose. The water service to 1181 Duluth is at the corner of Duluth and Rose and is tapped from the Rose main. SPRWS shut-off the water to 1181 Duluth. The claimant was not notified of a pending shutoff. Finding no water at home, the claimant hired a plumber to investigate the water problem. The claim reimbursed the contracted plumbing charges.	\$210.00
