Re: the One Missing Petition Signature:

We have attempted to collect all of the required signatures from private residences within 300 feet of our restaurant at 2176 W. 7th Street.

We were able to connect with eight of the nine residences.

We attempted to contact in person the remaining resident numerous times. We dropped off a letter with an explanation of the proposal and left 2 telephone messages. As of the application, we have not heard back from them.
