

Good afternoon, Council President Lantry.

I am a Minneapolis resident, a car2go member and I work in St. Paul.

Truth be told, I did not visit St. Paul much before taking a job downtown two years ago, mainly because I have been car-free for 10 years.

Now that I spend a majority of my week in St. Paul, I've gotten to know the city better thanks in large part to the multitude of public transportation options that are available in the city including Nice Ride, Hour Car, and MetroTransit. I hope the City of St. Paul soon adds car2go to this growing list of options.

Having car2go in St. Paul would give me piece of mind knowing that have a reliable and safe way to get home when I work well past the last express bus back to Minneapolis. Plus, I'd be more inclined to explore more of what St. Paul has to offer if I had more flexible transportation options.

I strongly support the expansion of car2go into St. Paul. Thank you for considering the proposal and for your continued service to the City of St. Paul and its constituents.

Sincerely,
Julie Cohen
