To City of St. Paul Property Line,

On the second week of June, my neighbor was redoing his side of fence in his backyard. He approached me and we had an agreement to fix our fencing together. He took down the retaining wall which was side by side with my property. As soon as he already tore down his side of fence and damaged my concrete walls since our block is a down hill, my neighbor moved some dirt along with grass and rocks onto my backyard. He wanted to use bricks and build it 5 feet high. I think that was not appropriate fencing so I told him to we should stick to proper fencing. It has been there ever since then, yet he has not removed. When I asked him, he refused to clean and said it was my property and I should be responsible for it, which lead him to be very argumentative. My neighbor only wants brick fencing and no other fencing.

I do not want any conflict involvement after trying to solve this mediation with the neighbor stating what is on my property, I will take care of it and whatever is his property, he should take care of it as well. I hired a property line surveyor costing me \$700. The property line surveyor came to measure my yard and agreed that what my neighbor tore down was his property anyways and he should be responsible for his line of property. I have attached my invoice and the property line surveying map. I need you to send this neighbor a letter for him to clean his fence which is affecting my drive way and remove the grass along with dirt and concrete in my backyard within a week from the 24 hour of notice letter he will be receiving. If you have any questions, please contact Daniel McGibbson at 651-442-9823 or me at 651-442-9532. Thank you.
