

To whom it may concern,

I am writing in regards to 1360 Rice St. Saint Paul MN 55117. We are in the process of opening an auto repair shop and car dealership at this location. Currently there is several things that need to be done in order to obtain the license for the auto repair portion of the business. We are asking for your consideration in allowing us to operate the auto sales portion of the business while we are waiting for the auto repair approval. The building is set up where the garage portion is separated from the offices. We can guarantee that there will be no auto repair taking place until the repair license is issued, we will only sell cars and use the offices. We would really appreciate this opportunity because we need to continue to feed our families, pay our bills, taxes and so on. Thank you for your time and consideration.

Sincerely,
Jeffrey Richter
Midwest Auto Connection
