Subject: As usual - Help!

I recently got a notice from the City that Moonshine Bar (about 1193 E 7th) has changed hands and that if I was really cross about it and jumped through a hoop or two, they would have a hearing. It will not surprise you to know that after all the problems we've had recently with the bars on the two corners of 7th and Duluth, I am indeed cranky and would like to meet the man and see what he has in mind. After all, we've done North Minneapolis gangs, ethnic groups that shot each other in the parking lot, and unregistered outdoor gatherings that could be heard all the way to Johnson Parkway. I'd also like to prevent the new owner from starting with all the bells and whistles that other bars have had to earn. But I've put the letter somewhere SO safe, I can't find it, so I can't reference the document number. Can you help me out with this? Plus an email address if it is appropriate to send an email request for a hearing?

As always, thanks for being there, Scott.

A while back I sent Scott Renstrom email expressing my concerns about this license and asked him to find the license number for me so I could contact you from work. He forwarded my email to you. Last night I found the notice the very safe place I had put it, and can now enquire if the forwarded email is sufficient to request a hearing for yet another bar at 1179 7th St E. If it is not, I will be happy to send another message directly to you.

Hi Mary – A message was forwarded to me regarding your concerns for the establishment at 1179 7th Street E. If you have additional comments which you would like to submit to the hearing officer for the hearing or info you would like the applicant to address at the hearing, please include that information. Vicki

Vicki - I would like to appear at a hearing to express my concerns and hear Mr. Burns responses. I work downtown, so this would not be a hardship for me. The day of the neighborhood bar has, perhaps sadly, passed. My particular neighborhood is a wonderfully rainbow neighborhood, but not all that many people drink comfortably with people who do not have the same first language. I am very much concerned as a result with what Mr. Burns sees as his target clientele and how he plans to attract them. We have a lot of very young children in the neighborhood right now, and I stand up for their right to nap and go to bed at night at a decent hour. Also my own right to these same activities.
